

# NS-202-F

## Silicone Air line Oil

---

A silicone based oil for oil-mist lubrication systems. Designed to compliment NS-10197-GS for air cylinder lubrication.

Characteristics:

low viscosity silicone fluid

Typical properties

Color	Clear
ISO grade	10
Specific gravity, 77/60°F	.94

Typical base fluid properties

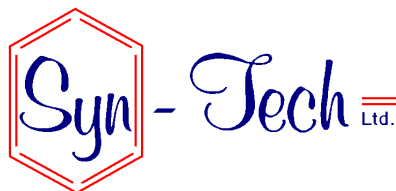

Base fluid	Silicone
Viscosity, ASTM D445 @ 77°F, cSt	10
Flash point, Closed cup, °C(°F)	210 (412)

Material Compatibilities:

Compatible with most engineering plastics and elastomers. Not for use with silicone rubber. Check with material manufacturer or Syn-Tech concerning compatibility.

2/02 Rev. 0
